we had our first conversation about cognition metacognition and reading in september of 1976 our particular concern was with reading and learning to read and what if anything meta cognition might have to do with it all we didn t really know much about metacognition then of course but then most other people were in the same predicament some people had been working with interesting approaches and results on metalanguage and reading among them j downing l ehri l gleitman 1 mattingly and e ryan and it also was about that time that people were becoming aware of e markman s first studies of comprehension monitoring other than that perhaps the most influential item around was the perhaps already classic monograph by kruetzer leonard and flavell on what children know about their own memory also in the air at that time were things like a brown s notions about knowing knowing about knowing and knowing how to know d meichenbaum s ideas about cognitive

behavior modification and the work by a brown and s smiley on the awareness of important units in text even though these developments were cited as new and innovative it was not the case that psychologists had never before been of questions they certainly interested in or concerned with metacognitive sorts had as clearly evidenced by the notion of metaplans in miller galanter and pribram s plans and the structure of behavior
